

The Economist/YouGov Poll

May 15 - 17, 2022 - 1500 U.S. Adult Citizens

* The results for the question, "If an election for U.S. Congress were being held today, who would you vote for in the district where you live?" that were previously included in this document are no longer being reported after YouGov discovered a programming error that resulted in some registered voters not being asked the question. Since the people asked were not a representative sample of all registered voters, the data does not meet YouGov's standards and has been removed.
