## May 28 - 31, 2022 - 1500 U.S. Adult Citizens

\* The results for the question, "If an election for U.S. Congress were being held today, who would you vote for in the district where you live?" that were previously included in this document are no longer being reported after YouGov discovered a programming error that resulted in some registered voters not being asked the question. Since the people asked were not a representative sample of all registered voters, the data does not meet YouGov's standards and has been removed.

**50. Formula - Remove Restrictions**

The Food and Drug Administration places rules on which baby-formula products can be imported to the U.S. from other countries, with requirements on the vitamin content, formula packaging, and labeling of the formula. Would you support or oppose removing restrictions on the import of baby formula from other countries in an effort to relieve shortages?
