When thinking about countries working together to develop Artificial Intelligence (AI) regulation, which of the following best reflects your view?

All countries across the world should work together to mitigate any risks, including countries which may be seen as hostile, otherwise it won't work	41	37	49	58	52	31	43	39	46	43	42	35	46	35	41	33	43	38	42	35	44	43
