YouGov Survey: AI in Education

1. How much do you know about artificial intelligence (AI)?

A great deal 8%
A fair amount 39%
Not much 43%
Not at all 9%
Not sure 2%

2. Which of the following describes how you feel about advances in artificial intelligence (AI)? Select all that apply.

Cautious 57%
Concerned 50%
Curious 37%
Excited 13%
Hopeful 18%
Impressed 18%
Indifferent 13%
Overwhelmed 11%
Scared 21%
Skeptical 38%
None of the above 2%
Not sure 5%

3. Do you think that advances in artificial intelligence (AI) will overall have a positive or negative effect on the U.S. education system?

Very positive 6%
Somewhat positive 18%
Neither positive nor negative 17%
Somewhat negative 26%
Very negative 16%
Not sure 17%

4. How necessary do you think it is for K-12 students to learn AI-related skills for their future careers?

Very necessary 18%
Somewhat necessary 37%
Not very necessary 15%
Not at all necessary 11%
Not sure 19%

5. Which of the following comes closest to your view on how K-12 schools should respond to advances in artificial intelligence (AI)?

Schools should focus on teaching students how to appropriately use AI 54%
Schools should focus on preventing students from using AI 19%
Not sure 28%

6. How often do you think students should be allowed to use artificial intelligence (AI) tools to assist with their assignments?

Always 4%
Usually 6%
Sometimes 29%
Rarely 25%
Never 22%
Not sure 14%

7. How often do you think students today are using artificial intelligence (AI) to assist with their assignments?

Always 5%
Usually 17%
Sometimes 36%
Rarely 12%
Never 5%
Not sure 25%

8. How often do you think students today are using artificial intelligence (AI) to assist with their assignments when they are explicitly prohibited from doing so?

Always 4%
Usually 15%
Sometimes 44%
Rarely 10%
Never 3%
Not sure 23%

9. How often do you think teachers today are able to identify when students use artificial intelligence (AI) to assist with their assignments?

Always 3%
Usually 12%
Sometimes 36%
Rarely 24%
Never 4%
Not sure 22%

10. Do you think that allowing students to use artificial intelligence (AI) when completing assignments increases or decreases the amount they learn?

Increases 9%
Has no effect 10%
Decreases 61%
Not sure 20%

11. Do you think that there is currently technology available that is able to accurately distinguish writing done by a person and writing produced by artificial intelligence (AI)?

Yes 26%
No 30%
Not sure 44%

12. Have you ever used artificial intelligence (AI) to generate text?

Yes 23%
No 68%
Not sure 9%

YouGov Survey: AI in Education
August 31 - September 6, 2023 - 1000 U.S. adult citizens

YouGov Survey: AI in Education
August 31 - September 6, 2023 - 1000 U.S. adult citizens

Interviewing Dates	August 31 - September 6, 2023
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.097 to 6.501, with a mean of one and a standard deviation of 0.714.
Number of respondents	1000
Margin of error	± 3.8% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	61 questions not reported.
