

1. Which of the following describes how you feel about advances in artificial intelligence (AI)? Select all that apply.

Cautious	53%
Concerned	50%
Skeptical	40%
Curious	31%
Hopeful	25%
Impressed	21%
Scared	20%
Excited	19%
Overwhelmed	15%
Indifferent	12%
None of the above	3%
Not sure	3%

2. Do you think that the effects of artificial intelligence (AI) on society will be...?

Very positive	9%
Somewhat positive	21%
Neither positive nor negative	19%
Somewhat negative	21%
Very negative	24%
Not sure	8%

3. How much do you think artificial intelligence (AI) will affect society?

A lot	62%
Some	24%
A little	7%
Not at all	3%
Not sure	5%

4. Do you think that the effects of artificial intelligence (AI) on your own life will be...?

Very positive	9%
Somewhat positive	21%
Neither positive nor negative	33%
Somewhat negative	16%
Very negative	14%
Not sure	9%

5. How much do you think artificial intelligence (AI) will affect your own life?

A lot	19%
Some	41%
A little	22%
Not at all	7%
Not sure	11%

6. How much do you think artificial intelligence (AI) will affect the lives of people who are born this year?

A lot	60%
Some	19%
A little	7%
Not at all	4%
Not sure	10%

7. How much do you trust artificial intelligence (AI) to... ?

	A great deal	A fair amount	Not much	Not at all	Not sure
Provide accurate information	12%	37%	26%	19%	6%
Create original ideas	12%	28%	25%	27%	8%
Make unbiased decisions	6%	28%	30%	28%	7%
Make ethical decisions	6%	20%	28%	36%	9%

8. Overall, do you think that artificial intelligence (AI) should be... ?

Much more regulated	48%
Somewhat more regulated	28%
Have no change in regulation	9%
Somewhat less regulated	1%
Much less regulated	2%
Not sure	12%

9. Would you support or oppose the federal government blocking states from passing their own laws regulating AI?

Strongly support	14%
Somewhat support	18%
Somewhat oppose	16%
Strongly oppose	22%
Not sure	30%

10. How often do you use artificial intelligence (AI) tools?

Multiple times per day	9%
Daily	11%
Multiple times per week	14%
Weekly	9%
Multiple times per month	8%
Less frequently than monthly	15%
Never	26%
Not sure	8%

11. Do you think that advances in artificial intelligence (AI) will increase or decrease the total number of jobs available in the United States?

Increase	9%
Have no effect	12%
Decrease	60%
Not sure	18%

12. Do you think that advances in artificial intelligence (AI) will increase or decrease the average job satisfaction of American workers?

Increase	14%
Have no effect	17%
Decrease	42%
Not sure	27%

13. Do you think that advances in artificial intelligence (AI) will increase or decrease the average productivity of American workers?

Increase	29%
Have no effect	15%
Decrease	33%
Not sure	23%

14. How capable do you think AI is now at the following, compared to people who do these things professionally?

Respondents were asked about a random sample of 15 of the abilities

	Much better than people	Somewhat better than people	About equal to people	Somewhat worse than people	Much worse than people	Not sure
Translating languages	19%	26%	23%	8%	11%	13%
Generating personalized content recommendations	12%	21%	24%	12%	15%	16%

19. Do you think that advances in artificial intelligence (AI) will increase or decrease the number of jobs available in the industry that you are currently employed in?

Asked of employed people

Increase	11%
Have no effect	36%
Decrease	38%
Not sure	15%

20. How concerned are you about the possibility of AI resulting in your losing your job, or having your hours or salary cut?

Asked of employed people

Very concerned	12%
Somewhat concerned	25%
Not very concerned	27%
Not at all concerned	29%
Not sure	8%

21. Have you or anyone you know lost their job, or had their hours or salary cut, because of AI taking over some or all of their work? Select all that apply.

Yes, an acquaintance	5%
Yes, a friend	5%
Yes, a family member	3%
Yes, a colleague	2%
Yes, me	2%
No	69%
Not sure	16%

22. How likely do you think it is that artificial intelligence (AI) will eventually become more intelligent than people?

It already is	11%
Very likely	22%
Somewhat likely	23%
Not very likely	15%
Not likely at all	13%
Not sure	17%

23. How concerned are you, if at all, about the possibility of artificial intelligence (AI) resulting in the following?

Respondents were asked about a random sample of 10 of the possible AI results

	Very concerned	Somewhat concerned	Not very concerned	Not concerned at all	Not sure
The spread of misleading video and audio deep fakes	63%	25%	3%	2%	6%
The erosion of personal privacy	58%	26%	6%	3%	7%

The facilitation of criminal activities	39%	29%	10%	5%	17%

24. How likely do you think it is that some artificial intelligence (AI) systems will eventually develop consciousness?

They already have	8%
Definitely will happen	13%
Probably will happen	24%
Probably won't happen	16%
Definitely won't happen	14%
Not sure	24%

25. If AI systems become conscious, do you think they should have any legal rights or protections?

Yes	16%
No	54%
Not sure	30%

26. If AI systems ever become conscious, do you think it will be possible for humans to know that they are conscious?

Yes, it will be possible for humans to know	34%
No, it will be impossible for humans to know	24%
Not sure	42%

27. If an AI system is used to create content that is libelous or defamatory, who do you think should be legally responsible?

The company that created the AI system	17%
The user who prompted the AI system to produce this content	28%
Both	48%
Neither	7%

28. If an AI system is used to create content that encourages people to harm themselves, who do you think should be legally responsible?

The company that created the AI system	20%
The user who prompted the AI system to produce this content	22%
Both	51%
Neither	7%

29. Which do you trust more to make decisions about the use of deadly force?

Leaders of the U.S. military	53%
Artificial intelligence systems used by the U.S. military	5%
Both equally	18%
Not sure	23%

30. How concerned, if at all, are you about the possibility that artificial intelligence (AI) will cause the end of the human race on Earth?

Very concerned	19%
Somewhat concerned	28%
Not very concerned	19%
Not at all concerned	16%
Not sure	17%

31. Overall, do you think that the construction of new data centers — which are large facilities that house computer servers for storing and transmitting data —are good or bad for the country?

Very good	5%
Somewhat good	12%
Neither good nor bad	20%
Somewhat bad	19%
Very bad	31%
Don't know	14%

32. Would you support or oppose a new data center being built in your community?

Strongly support	6%
Somewhat support	17%
Somewhat oppose	16%
Strongly oppose	44%
Not sure	18%

33. Do you think that the construction of a new data center in your community would increase or decrease the amount you pay for electricity?

Increase	61%
Have no effect	14%
Decrease	3%
Not sure	22%

Interviewing Dates	July 6 - 9, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.998, with a mean of one and a standard deviation of 0.813.
Number of respondents	1,095
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	55 questions not reported.

1. Feelings About AI Advances

Which of the following describes how you feel about advances in artificial intelligence (AI)? Select all that apply.

		Gender		Age				Race			Education	
	Total	Male	Female	18-29	30-44	45-64	65+	White	Black	Hispanic	No degree	College degree

YouGov Survey: AI

July 6 - 9, 2026 - 1,095 U.S. adult citizens

Interviewing Dates	July 6 - 9, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.998, with a mean of one and a standard deviation of 0.813.
Number of respondents	1,095
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	55 questions not reported.
