

1. Which of the following describes how you feel about advances in artificial intelligence (AI)? Select all that apply.

Cautious	54%
Concerned	47%
Skeptical	38%
Curious	31%
Hopeful	23%
Scared	23%
Impressed	21%
Excited	16%
Overwhelmed	14%
Indifferent	11%
None of the above	2%
Not sure	4%

2. Do you think that the effects of artificial intelligence (AI) on society will be...?

Very positive	8%
Somewhat positive	23%
Neither positive nor negative	17%
Somewhat negative	22%
Very negative	24%
Not sure	8%

3. How much do you think artificial intelligence (AI) will affect society?

A lot	61%
Some	27%
A little	4%
Not at all	1%
Not sure	7%

4. Do you think that the effects of artificial intelligence (AI) on your own life will be...?

Very positive	8%
Somewhat positive	23%
Neither positive nor negative	28%
Somewhat negative	17%
Very negative	11%
Not sure	12%

5. How much do you think artificial intelligence (AI) will affect your own life?

A lot	19%
Some	39%
A little	21%
Not at all	7%
Not sure	14%

6. How much do you trust artificial intelligence (AI) to... ?

	A great deal	A fair amount	Not much	Not at all	Not sure
Make ethical decisions	5%	18%	28%	36%	13%
Make unbiased decisions	8%	24%	27%	29%	12%
Create original ideas	11%	27%	24%	28%	11%
Provide accurate information	10%	37%	26%	19%	8%

7. Overall, do you think that artificial intelligence (AI) should be... ?

Much more regulated	48%
Somewhat more regulated	27%
Have no change in regulation	9%
Somewhat less regulated	2%
Much less regulated	2%
Not sure	11%

8. Would you support or oppose the federal government blocking states from passing their own laws regulating AI?

Strongly support	13%
Somewhat support	18%
Somewhat oppose	17%
Strongly oppose	23%
Not sure	30%

9. How often do you use artificial intelligence (AI) tools?

Multiple times per day	8%
Daily	10%
Multiple times per week	13%
Weekly	6%
Multiple times per month	11%
Less frequently than monthly	17%
Never	26%
Not sure	8%

10. Do you think that advances in artificial intelligence (AI) will increase or decrease the total number of jobs available in the United States?

Increase	7%
Have no effect	11%
Decrease	64%
Not sure	18%

11. Do you think that advances in artificial intelligence (AI) will increase or decrease the average job satisfaction of American workers?

Increase	16%
Have no effect	15%
Decrease	41%
Not sure	29%

12. Do you think that advances in artificial intelligence (AI) will increase or decrease the average productivity of American workers?

Increase	32%
Have no effect	15%
Decrease	31%
Not sure	22%

13. How capable do you think AI is now at the following, compared to people who do these things professionally?

Respondents were asked about a random sample of 15 of the abilities

	Much better than people	Somewhat better than people	About equal to people	Somewhat worse than people	Much worse than people	Not sure
Translating languages	19%	28%	20%	9%	10%	14%

Not applicable - I am not currently employed	54%

18. How often do you use artificial intelligence (AI) tools at your current job?

Asked of employed people

Multiple times per day	9%
Daily	7%
Multiple times per week	10%
Weekly	7%
Multiple times per month	10%
Less frequently than monthly	12%
Never	39%
Not sure	6%

19. Do you think that advances in artificial intelligence (AI) will increase or decrease the number of jobs available in the industry that you are currently employed in?

Asked of employed people

Increase	11%
Have no effect	31%
Decrease	41%
Not sure	18%

20. How concerned are you about the possibility of AI resulting in your losing your job, or having your hours or salary cut?

Asked of employed people

Very concerned	14%
Somewhat concerned	22%
Not very concerned	28%
Not at all concerned	27%
Not sure	10%

21. Have you or anyone you know lost their job, or had their hours or salary cut, because of AI taking over some or all of their work? Select all that apply.

Yes, a friend	6%
Yes, an acquaintance	4%
Yes, a family member	3%
Yes, a colleague	3%
Yes, me	2%
No	74%
Not sure	13%

22. How likely do you think it is that artificial intelligence (AI) will eventually become more intelligent than people?

It already is	10%
Very likely	20%
Somewhat likely	24%
Not very likely	13%
Not likely at all	14%
Not sure	19%

23. How concerned are you, if at all, about the possibility of artificial intelligence (AI) resulting in the following?

Respondents were asked about a random sample of 10 of the possible AI results

	Very concerned	Somewhat concerned	Not very concerned	Not concerned at all	Not sure
The spread of misleading video and audio deep fakes	63%	18%	5%	2%	12%

The reinforcement of societal biases	37%	28%	13%	3%	19%

24. How likely do you think it is that some artificial intelligence (AI) systems will eventually develop consciousness?

They already have	7%
Definitely will happen	9%
Probably will happen	24%
Probably won't happen	19%
Definitely won't happen	14%
Not sure	27%

25. If AI systems become conscious, do you think they should have any legal rights or protections?

Yes	14%
No	55%
Not sure	30%

26. If AI systems ever become conscious, do you think it will be possible for humans to know that they are conscious?

Yes, it will be possible for humans to know	31%
No, it will be impossible for humans to know	23%
Not sure	46%

27. If an AI system is used to create content that is libelous or defamatory, who do you think should be legally responsible?

The company that created the AI system	18%
The user who prompted the AI system to produce this content	25%
Both	49%
Neither	8%

28. If an AI system is used to create content that encourages people to harm themselves, who do you think should be legally responsible?

The company that created the AI system	23%
The user who prompted the AI system to produce this content	19%
Both	51%
Neither	8%

29. Which do you trust more to make decisions about the use of deadly force?

Leaders of the U.S. military	53%
Artificial intelligence systems used by the U.S. military	3%
Both equally	16%
Not sure	28%

30. How concerned, if at all, are you about the possibility that artificial intelligence (AI) will cause the end of the human race on Earth?

Very concerned	18%
Somewhat concerned	27%
Not very concerned	22%
Not at all concerned	16%
Not sure	18%

YouGov Survey: AI

March 31 - April 2, 2026 - 1,099 U.S. adult citizens

Interviewing Dates	March 31 - April 2, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.017, with a mean of one and a standard deviation of 0.809.
Number of respondents	1,099
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	55 questions not reported.

1. Feelings About AI Advances

30. Concern About AI Ending Humanity

How concerned, if at all, are you about the possibility that artificial intelligence (AI) will cause the end of the human race on Earth?

YouGov Survey: AI

March 31 - April 2, 2026 - 1,099 U.S. adult citizens

Interviewing Dates	March 31 - April 2, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.017, with a mean of one and a standard deviation of 0.809.
Number of respondents	1,099
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	55 questions not reported.
