Cloning animals	-47%	4%	13%	22%	44%	17%
Having exotic animals as pets	-48%	6%	15%	26%	43%	11%
Using animals for cosmetic testing	-67%	3%	9%	20%	59%	9%

2. Do you generally approve or disapprove of people doing the following?

	Net (Approve - Disapprove)	Strongly approve	Somewhat approve	Somewhat disapprove	Strongly disapprove	Not sure
Using human stem cells for biomedical research	52%	29%	38%	7%	8%	18%
Using gene editing to treat human diseases	45%	24%	38%	8%	9%	21%
Using artificial intelligence for scientific research	23%	20%	33%	12%	18%	17%
Using human embryos for biomedical research	-1%	13%	26%	15%	25%	21%
Developing viruses in labs for medical research	-14%	11%	24%	19%	30%	16%

3. Would you still approve of using animals for biomedical research if the research resulted in the death of the animals?

Among people who strongly or somewhat approve of using animals for biomedical research

Yes	47%
No	24%
Not sure	29%

4. How many of the animals used in biomedical research do you think die as a result of the research?

Almost all	18%
Most	29%
Some	20%
A few	4%
Hardly any	1%
Not sure	26%

5. Do you generally approve or disapprove of biomedical research that aims to develop new treatments for human diseases being done on the following?

	Net (Approve - Disapprove)	Strongly approve	Somewhat approve	Somewhat disapprove	Strongly disapprove	Not sure
Mosquitos	54%	51%	20%	6%	10%	14%
Mice	30%	27%	31%	12%	17%	13%
Fish	15%	17%	32%	15%	20%	17%
Pigs	-4%	13%	27%	16%	28%	16%
Guinea pigs	-5%	12%	28%	17%	28%	15%
Rabbits	-11%	12%	25%	20%	28%	15%
Monkeys	-19%	10%	24%	19%	33%	15%
Cats	-40%	8%	16%	19%	45%	12%
Dogs	-47%	7%	14%	18%	49%	12%

6. Would you generally approve or disapprove of using animals for biomedical research if it resulted in the following for people?

Asked of people who strongly or somewhat disapprove of using animals for biomedical research

	Net (Approve - Disapprove)	Strongly approve	Somewhat approve	Somewhat disapprove	Strongly disapprove	Not sure
A cure for all forms of cancer	50%	44%	26%	8%	13%	10%
A cure for Alzheimer's disease	45%	39%	27%	8%	13%	13%
A cure for a disease affecting someone close to you	36%	27%	34%	11%	14%	14%
A vaccine that protects against all types of malaria	30%	24%	35%	13%	16%	13%
An HIV vaccine	26%	24%	31%	12%	18%	15%
A cure for a rare but serious disease affecting only a few thousand people	22%	20%	32%	14%	17%	16%
A cure for dog and cat allergies	19%	16%	36%	13%	20%	14%
A vaccine that protects against all types of flu	18%	23%	29%	12%	22%	13%
A cosmetic product that reduces visible signs of aging	-52%	8%	10%	18%	52%	11%

7. Would knowing that a medicine had been tested on animals before being tested on people make you more or less willing to use it?

More willing	15%
No difference	47%
Less willing	16%
Not sure	21%

8. Do you think the government should impose stricter or less strict rules on animal testing for medical research?

Stricter	53%
No change	23%
Less strict	3%
Not sure	21%

9. If researchers could either expose animals to diseases or expose human volunteers to diseases as part of medical research, which would you prefer they rely on more?

Animals 29%
 Both about equally 25%
 Human volunteers 23%
 Not sure 23%

10. Which comes closer to your view about paying people who participate in medical studies that involve significant health risks?

It is a good system because it compensates people for their time and risk 47%
 It is a bad system because it can pressure people into taking risks they otherwise would not take 28%
 Not sure 25%

11. How much do you trust each of the following to protect human participants in medical research studies?

	A lot	A little	Not at all	Not sure
Doctors overseeing clinical trials	32%	47%	10%	11%
Medical researchers at universities	32%	44%	13%	11%
Independent ethics review boards	28%	41%	16%	14%
Federal health agencies	17%	45%	26%	12%
Pharmaceutical companies	11%	36%	42%	10%

12. Would you be willing to participate in a medical research study that deliberately exposed you to a serious infectious disease if researchers believed the study could help develop new treatments or vaccines?

Yes, even if I were not paid 4%
 Yes, but only if I were paid 20%
 No 64%
 Not sure 12%

13. Are you a vegan or a vegetarian?

Yes 6%
 No 94%

14. Do you have any pets?

Yes 60%
 No 40%

15. Which of the following pets do you have? Select all that apply.

Dog	41%
Cat	33%
Fish	3%
Bird	2%
Rabbit	2%
Turtle	1%
Snake	1%
Horse	1%
Lizard	1%
Other	2%
Does not have any pets	40%

Interviewing Dates	July 10 - 12, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.561, with a mean of one and a standard deviation of 0.749.
Number of respondents	1,098
Margin of error	± 3.7 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	61 questions not reported.

YouGov Survey: Animal Research

July 10 - 12, 2026 - 1,098 U.S. adult citizens

Interviewing Dates	July 10 - 12, 2026
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 5.561, with a mean of one and a standard deviation of 0.749.
Number of respondents	1,098
Margin of error	± 3.7 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	62 questions not reported.
