

1. Which of the following, if any, do you think are the most likely to cause human extinction? Please select up to three.

Nuclear war	55%
Global warming / climate change	34%
A pandemic	26%
A meteor / asteroid	22%
Robots / artificial intelligence	16%
An extreme seismic event (volcano / tsunami)	15%
A religious apocalypse	12%
The bees dying out	11%
A solar flare	7%
A zombie apocalypse	3%
An alien invasion	2%
Other	5%
Don't know	10%

2. How much, if at all, would you say you understand...

	A great deal	A fair amount	Not very much	Not at all	Don't know
what artificial intelligence is?	16%	46%	28%	6%	3%
the issues surrounding artificial intelligence?	14%	41%	31%	9%	5%

3. In general, how positive or negative do you feel about artificial intelligence (AI)?

Very positive	5%
Fairly positive	19%
Neither positive nor negative	33%
Fairly negative	19%
Very negative	19%
Don't know	3%

4. Thinking about artificial intelligence (AI), in general, which of the following comes closest to your viewpoint?

The benefits of AI for society greatly outweigh the drawbacks	8%
The benefits of AI for society somewhat outweigh the drawbacks	17%
The benefits and drawbacks of AI for society are about equal	20%
The drawbacks of AI for society somewhat outweigh the benefits	16%
The drawbacks of AI for society greatly outweigh the benefits	20%
Don't know	19%

YouGov Survey: Artificial Intelligence

August 14 - 16, 2025 - 1,128 U.S. adult citizens

5. Overall, do you think artificial intelligence (AI) has had a positive or negative impact on the following, or do you think it has had no real impact?

	Very positive	Fairly positive	No real impact	Fairly negative	Very negative	Don't know
Healthcare and medicine	12%	31%	16%	9%	14%	18%
The youngest generations	9%	17%	13%	19%	26%	16%
Fighting crime	8%	18%	26%	9%	14%	23%
The ease and convenience of day to day workplace activities	8%	30%	21%	12%	11%	17%
Creative culture (e.g. fashion, art, music, film, TV, games etc)	8%	24%	12%	20%	22%	14%
Customer service	8%	24%	16%	18%	20%	14%
Schooling and education	7%	22%	12%	20%	23%	16%
The ease and convenience of daily life activities	7%	34%	21%	12%	12%	14%
Transportation	7%	22%	29%	10%	12%	21%
American society in general	6%	18%	15%	24%	20%	17%
News and the media	5%	12%	16%	24%	25%	18%
International peace and security	5%	9%	28%	15%	21%	23%
The running of local and national government	4%	9%	25%	17%	23%	22%
The oldest generations	4%	11%	28%	18%	23%	16%
Dating and romance	3%	10%	25%	17%	23%	21%
Job security	3%	9%	14%	29%	29%	16%
Democracy in the U.S.	3%	7%	26%	18%	23%	23%

6. How frequently, if at all, do you use artificial intelligence (AI) tools and functions for leisure or personal reasons?

Many times a day	6%
Once or twice a day	6%
Several times a week	11%
Once or twice a week	10%
Less often than this	26%
Never	34%
Don't know	6%

7. How frequently, if at all, do you use artificial intelligence (AI) tools and functions for work or study?

Among people who are employed or students

Many times a day	8%
Once or twice a day	11%
Several times a week	10%
Once or twice a week	10%
Less often than this	18%
Never	34%
Don't know	5%
Not applicable	5%

8. How much easier or harder would you find performing day to day activities (outside of work) if you did not have the ability to make use of artificial intelligence (AI) tools and functions?

Much easier	9%
Somewhat easier	9%
No difference	51%
Somewhat harder	11%
Much harder	2%
Don't know	18%

9. How much easier or harder would it be to perform your job effectively if you did not have the ability to make use of artificial intelligence (AI) tools and functions?

Among people who are employed

Much easier	8%
Somewhat easier	10%
No difference	49%
Somewhat harder	11%
Much harder	4%
Don't know	9%
Not applicable	10%

10. How worried, if at all, are you about the impact that artificial intelligence will have on your...

The current job question was only asked of people who are currently employed and the future career question was asked of everyone who was not retired

	Very worried	Fairly worried	Not very worried	Not at all worried	Don't know
Current job?	6%	16%	34%	38%	6%
Future career?	13%	22%	24%	28%	13%

YouGov Survey: Artificial Intelligence

August 14 - 16, 2025 - 1,128 U.S. adult citizens

11. When it comes to the impact of artificial intelligence on jobs in the United States, which of the following comes closest to your view?

More jobs will be created by the opportunities of artificial intelligence than will be lost 7%
More jobs will be lost to automation by artificial intelligence than will be created 62%
It will be about the same 13%
Don't know 17%

Interviewing Dates	August 14 - 16, 2025
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 32% Republican). The weights range from 0.052 to 5.115, with a mean of one and a standard deviation of 0.851.
Number of respondents	1,128
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	66 questions not reported.

YouGov Survey: Artificial Intelligence

August 14 - 16, 2025 - 1,128 U.S. adult citizens

Interviewing Dates	August 14 - 16, 2025
Target population	U.S. citizens, aged 18 and over
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 32% Republican). The weights range from 0.052 to 5.115, with a mean of one and a standard deviation of 0.851.
Number of respondents	1,128
Margin of error	± 3.8 points (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	66 questions not reported.
