Britain left the European Union at the start of this year and is currently in a transition period that will finish at the end of the year. During the transition period Britain continues to follow EU rules and trade with Europe on EU terms. Britain and the EU are currently seeking to negotiate a future trade deal that will apply after the transition period ends.

Generally speaking, would you prefer Britain to do a trade deal with the European Union or not?

I would prefer Britain to do a trade deal with the EU before the transition period ends	66	56	88	89	87	50	66	66	67	69	62	64	72	58	73	65	63	67	66
