

CO-OP
Illicit Tobacco

Sample: 6th - 17th August 2026

Total sample size was 1090 adults. Fieldwork was undertaken between 6th - 17th August 2026. The survey was carried out online. The figures have been weighted and are representative of all smokers in the UK (aged 18+).

Q1. For the following questions, please remember your answers are always treated anonymously. Illicit cigarettes or loose tobacco can be bought in the UK. They can be either counterfeit (fake copies of well-known brands) or legitimately manufactured well known brands smuggled into the UK. Cheap Whites (cigarettes produced abroad intended for illicit sales) can also be purchased in the UK as illicit tobacco. Please imagine you wanted to purchase illicit cigarettes or tobacco products in the UK. Do you know where you could buy them?
