| Afghanistan | -30% | 5% | 17% | 20% | 32% | 26% |

Interviewing Dates

February 10 - 13, 2026

Target population

U.S. citizens, aged 18 and over

Sampling method

Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.

Weighting

The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 6.551, with a mean of one and a standard deviation of 0.921.

Number of respondents

1,048

Margin of error

± 4.1 points (adjusted for weighting)

Survey mode

Web-based interviews

Questions not reported

78 questions not reported.

1. Lowest Federal Spending

Which of the following federal programs do you think the U.S. government currently spends the least amount on?

| | Total | Gender | | Age | | | | Race | | | Education | |
|------------------|---------|--------|--------|-------|-------|-------|-------|-------|-------|----------|-----------|----------------|
| | | Male | Female | 18-29 | 30-44 | 45-64 | 65+ | White | Black | Hispanic | No degree | College degree |

YouGov Survey: Foreign Aid

February 10 - 13, 2026 - 1,048 U.S. adult citizens

YouGov®

| | |
|-------------------------------|---|
| Interviewing Dates | February 10 - 13, 2026 |
| Target population | U.S. citizens, aged 18 and over |
| Sampling method | Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens. |
| Weighting | The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 6.551, with a mean of one and a standard deviation of 0.921. |
| Number of respondents | 1,048 |
| Margin of error | ± 4.1 points (adjusted for weighting) |
| Survey mode | Web-based interviews |
| Questions not reported | 78 questions not reported. |
