

Full Stack Developer

Department: Information Technology - Development
Location: London, or remote (US or European timezones)
Reports To: G Project Manager
Hours: Full time (37.5hrs)

Overall Objective

We are actively looking for a talented mid-career developer to contribute to YouGov's survey system. You would be expected to take ownership and responsibility for projects, while working in a fast-paced, agile environment. The successful Developer will report to the 'G' Product Manager and interact regularly with other (sometimes remote) team members. The right candidate should be self-sufficient and able to deliver creative, polished, and robust solutions. Headquartered in London, our development team is spread across four continents.

Key Responsibilities

Provide new features to YouGov's interface for creating, managing, and processing surveys:

- Collaboratively determine needs, and how they will be met
- Optimize existing features for speed and clarity
- Expand test coverage
- Troubleshoot as needed

Candidate Specifications

Qualifications

- At least five years experience in professional software development.
- Expert knowledge, and extensive experience with Python (2 and 3).
- Extensive experience with MongoDB, PostgreSQL, and RESTful APIs.
- Some experience with HTML, javascript, CSS.
- Well versed in version control and Linux.
- Dedicated to robust test driven development.

Personal skills & attributes

- Able to take a project and/or task through to final completion.
- Eager to learn: opportunities are changing as fast as needs; you should be active in the field.
- Adaptable: needs, specs, structures, and processes will change constantly.
- Fluent in English.

This is not an exhaustive list, and you will be expected to be flexible in your approach to carrying out your duties, that may change from time to time to reflect changes in the Company's circumstances. This will include providing cover for colleagues as required. The Company therefore reserves the right to vary the job description in consultation with you.

All YouGov plc employees are expected to comply with the Company's policies, rules and procedures as outlined in the handbook, health and safety manual and all other publications.

Please send your CV and covering letter to dev-jobs@yougov.com
