Some people believe we are becoming more connected to people all over the world, while others think our increased ability to interact only with people similar to us will narrow our connections. What do you think? Please agree or disagree with the follow

I think people from different cultures, religions and countries should celebrate what they have in common and not focus on their differences.

Agree	92	92	93	91	92	94	93	92	92	92	91	92	92	94	92
Disagree	8	8	7	9	8	6	7	8	8	8	9	8	8	6	8

My obligations are mainly to people I have direct connections to (friends and family), not strangers or people I don't know.

Differences across global cultures and religions are too great to manage and we should stop trying so hard to minimise them.
