Glob. techuse. future. B. Thinking about a possible time in the future, when the Coronavirus pandemic is over, and life has become normal again... Generally speaking, do you think you will do more or less the following compared to how you worked before the Coronavirus pandemic, or will there be no real change either way? Working from home instead of going to an office or workplace

The word 'globalisation' is sometimes used to describe the trend towards a global economy and the way countries have developed closer interaction with each other, making it easier for companies and people to live, work, trade and travel overseas. From what you know, do you think this process has been generally good or bad for each of the following? (Please select one option on each row)
