

Daily Survey: Holiday Travel

Sample 1000 U.S. Adult Citizens
Conducted December 13 - 16, 2022
Margin of Error ±3.5%

1. How concerned are you about COVID-19, the flu, and RSV in the community where you live?

Very concerned	21%
Somewhat concerned	33%
Not very concerned	21%
Not concerned at all	19%
Not sure	6%

2. How concerned are you about COVID-19, the flu, and RSV here in the United States?

Very concerned	27%
Somewhat concerned	34%
Not very concerned	19%
Not concerned at all	15%
Not sure	5%

3. Do you personally know anyone who has had COVID-19, the flu, or RSV in the last 12 months? Select all that apply.

Yes, me	24%
Yes, a family member	41%
Yes, a close friend	37%
No	27%
Prefer not to say	4%

4. Have your holiday travel plans this year been affected by COVID-19, the flu, or RSV?

Yes	18%
No	75%
Not sure	7%

5. How have you changed — or do you plan on changing — your holiday travel plans? Select all that apply.

Among people whose holiday travel plans this year been affected by COVID-19, the flu, or RSV

I will travel more	15%
I have canceled travel plans	43%
I planed fewer trips than usual	34%
I have changed the mode of transportation I will use for my trips	17%
Other	1%
None of the above	11%

6. Will you spend at least one night away from home during the holidays?

Yes, I will spend at least one night more than 100 miles from home	19%
Yes, I will spend at least one night less than 100 miles from home	10%
No, I will not spend any nights away from home	59%
Not sure	12%

7. What types of transportation will you use to get to your destination over the holidays? Select all that apply.

Among people who plan to spend at least one night away from home during the holidays

Plane	25%
Car	79%
Bus	12%
Train	13%
Other public transportation	3%
None of the above	1%
Not sure	1%

8. Which best describes your holiday plans?

I will gather indoors with people from other households	50%
I will gather outdoors with people from other households	9%
I will not gather with any people from other households	25%
Not sure	16%

9. Compared to your holiday plans before the COVID-19 pandemic, will you be...?

Traveling more this holiday season	8%
Traveling the same amount	51%
Traveling less this holiday season	28%
Not sure	13%

10. How safe do you believe the following travel activities will be over the next few weeks?

	Very safe	Somewhat safe	Not very safe	Not at all safe	Not sure
Traveling within my home town or city	38%	40%	9%	5%	9%
Traveling to neighboring towns or cities	33%	43%	9%	6%	9%
Traveling across state lines	27%	40%	15%	7%	10%
Traveling across the country (to a different U.S. region)	24%	33%	19%	11%	12%
Traveling outside the U.S.	14%	29%	23%	18%	16%

Daily Survey: Holiday Travel

Interviewing Dates	December 13 - 16, 2022
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.214 to 4.338, with a mean of one and a standard deviation of 0.497.
Number of respondents	1000
Margin of error	± 3.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	73 questions not reported.

Daily Survey: Holiday Travel

December 13 - 16, 2022 - 1000 US Adult Citizens

Interviewing Dates	December 13 - 16, 2022
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.214 to 4.338, with a mean of one and a standard deviation of 0.497.
Number of respondents	1000
Margin of error	± 3.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	73 questions not reported.
