People who are homeless	54%	30%	10%	6%

2. How serious of a problem do you think homelessness is in the United States?

A very serious problem	58%
A somewhat serious problem	29%
A minor problem	10%
Not a problem	1%
Not sure	3%

3. How serious of a problem do you think homelessness is in your local community?

A very serious problem	27%
A somewhat serious problem	32%
A minor problem	25%
Not a problem	9%
Not sure	7%

4. When should local governments have the power to force the following treatment for someone who has been diagnosed as mentally ill, even if the person does not consent?

	In any circumstance	Only when they are a danger to themselves or others	Only when they are a danger to themselves	Only when they are a danger to others	In no circumstance	Not sure
Outpatient treatment	16%	44%	9%	11%	8%	13%
Hospitalization	15%	51%	7%	10%	6%	11%

5. Do you have a favorable or unfavorable opinion of Eric Adams?

Very favorable	5%
Somewhat favorable	15%
Somewhat unfavorable	11%
Very unfavorable	12%
Not sure	58%

YouGov Survey: Homelessness and Health

YouGov

Interviewing Dates	November 30 - December 4, 2022
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.288 to 5.651, with a mean of 1 and a standard deviation of 0.513.
Number of respondents	1000
Margin of error	$\pm$ 3.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	67 questions not reported.

YouGov Survey: Homelessness and Health
November 30 - December 4, 2022 - 1000 U.S. adult citizens

Interviewing Dates	November 30 - December 4, 2022
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.288 to 5.651, with a mean of 1 and a standard deviation of 0.513.
Number of respondents	1000
Margin of error	$\pm$ 3.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	67 questions not reported.
