

**1. How united or divided would you say the country is at present?**

|                        |     |
|------------------------|-----|
| Very united .....      | 5%  |
| Somewhat united .....  | 12% |
| Somewhat divided ..... | 28% |
| Very divided .....     | 51% |
| Don't know .....       | 4%  |

**2. What impact do you think Donald Trump has had as president on how united or divided the country is?**

|                                           |     |
|-------------------------------------------|-----|
| It has become much more united .....      | 5%  |
| It has become somewhat more united .....  | 9%  |
| Little difference .....                   | 20% |
| It has become somewhat more divided ..... | 14% |
| It has become much more divided .....     | 46% |
| Don't know .....                          | 6%  |

**3. What impact do you think Joe Biden had as president on how united or divided the country was?**

|                                       |     |
|---------------------------------------|-----|
| It became much more united .....      | 5%  |
| It became somewhat more united .....  | 12% |
| Little difference .....               | 26% |
| It became somewhat more divided ..... | 18% |
| It became much more divided .....     | 29% |
| Don't know .....                      | 9%  |

**4. What do you think should be more of a priority for Donald Trump as president?**

|                                                                                                                         |     |
|-------------------------------------------------------------------------------------------------------------------------|-----|
| Trying to unite the nation, even if this means less priority is given to the legislative agenda he campaigned on .....  | 39% |
| Enacting the legislative agenda he campaigned on, even if this means less priority is given to uniting the nation ..... | 24% |
| Neither .....                                                                                                           | 22% |
| Don't know .....                                                                                                        | 15% |

**5. What do you think should be more of a priority for the Democrats in the House of Representatives?**

|                                                                                                              |     |
|--------------------------------------------------------------------------------------------------------------|-----|
| Trying to unite the nation, even if this means less priority is given to investigating President Trump ..... | 46% |
| Investigating President Trump, even if this means less priority is given to uniting the nation .....         | 25% |
| Neither .....                                                                                                | 15% |
| Don't know .....                                                                                             | 14% |

# YouGov Survey: National Unity

August 13 - 16, 2026 - 1,100 U.S. adult citizens

|                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| <b>Target population</b>      | U.S. citizens, aged 18 and over                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Sampling method</b>        | Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Weighting</b>              | The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 6.034, with a mean of one and a standard deviation of 0.86. |
| <b>Number of respondents</b>  | 1,100                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Margin of error</b>        | ± 3.9 points (adjusted for weighting)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

**5. Priority for House Democrats**

What do you think should be more of a priority for the Democrats in the House of Representatives?

|                                                                                                        | Gender  |       |        | Age   |       |       |       | Race  |       |          | Education |                |

| <b>Interviewing Dates</b>     | August 13 - 16, 2026                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Target population</b>      | U.S. citizens, aged 18 and over                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Sampling method</b>        | Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Weighting</b>              | The sample was weighted according to gender, age, race, education, U.S. region, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.051 to 6.034, with a mean of one and a standard deviation of 0.86. |
| <b>Number of respondents</b>  | 1,100                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Margin of error</b>        | ± 3.9 points (adjusted for weighting)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
