Which of the following best reflects your view?

The government should be doing more to ensure that everyone in the world receives a Covid-19 vaccine this year	39	54	24	37	41	44	46	41	37	34	44	43	35	33	38	38	40	39	30	41	36	40	38	35	48	30	44
The government are doing all they reasonably can or should to ensure that everyone in the world receives a Covid-19 vaccine this year	38	34	51	40	37	32	28	39	43	43	32	35	39	47	37	39	39	37	45	35	40	37	40	43	35	40	34

Thinking about pharmaceutical companies that have used public funds for developing a Covid-19 vaccine, which of the following statements best reflects your view?

Pharmaceutical companies should be able to retain monopoly control of their product, formula and technology, and charge prices they choose for the Covid-19 vaccines they develop	10	8	14	13	7	10	15	14	9	7	10	13	8	8	7	10	11	11	11	6	10	11	10	13	10	8	12
Governments should compensate fairly for any Covid-19 vaccine developed by a pharmaceutical company but must ensure the company does not have a monopoly but instead shares these formulas and technology with other approved vaccine companies	69	82	65	69	68	62	63	64	65	76	62	64	72	79	67	70	69	68	62	69	69	72	72	63	66	62	72

Do you think the government should or should not make pharmaceutical companies publicly release the formulas and technology for their Covid-19 vaccine to other approved companies?

Should	51	62	45	49	53	46	57	50	56	49	46	53	51	51	43	51	55	50	49	41	49	56	57	55	50	47	52

If pharmaceutical companies publicly release the formulas and technology for the Covid-19 vaccine, do you think it would be faster or take longer for everyone in the world to access the Covid-19 vaccine, or would it make no difference?

It would be faster	50	64	42	51	49	52	40	49	53	52	52	45	53	53	50	51	49	50	48	50	49	56	50	55	44	48	51

Even if for now vaccinations mean Covid-19 is spreading less in your own country, how much of a threat, if at all, do you think the continued spread of Covid-19 elsewhere in the world is to...?
you personally?
