More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after thirty years is written off. Do you think this is a fair or unfair way of funding university education?

Unweighted base	1751	599	428	171	711	633	781	970	180	682	435	454	198	599	289	425	151	89	553	509	333	197	159
