More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after thirty years is written off. Do you think this is a fair or unfair way of funding university education?

	Unweighted base	1778	603	432	166	731	649	778	1000	172	719	426	461	200	610	298	422	152	96	546	526	332	202	172
