More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after thirty years is written off. Do you think this is a fair or unfair way of funding university education?

	Unweighted base	1788	596	447	152	739	614	822	966	173	716	436	463	207	606	299	433	150	93	565	518	331	230	144
