More specifically, in England university education is currently funded through a system of tuition fees of up to £9,535 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after forty years is written off. Do you think this is a fair or unfair way of funding university education?

Unweighted base	1689	281	505	176	684	627	755	934	150	646	406	487	173	583	283	419	146	85	504	481	336	187	181
