More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after forty years is written off. Do you think this is a fair or unfair way of funding university education?

	Unweighted base	1703	274	496	183	680	621	756	947	167	652	436	448	183	581	284	428	140	87	515	474	327	215	172
