More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after thirty years is written off. Do you think this is a fair or unfair way of funding university education?

Unweighted base	1804	613	450	161	760	672	792	1012	163	724	433	484	205	611	297	445	148	98	542	516	351	184	211
