More specifically, in England university education is currently funded through a system of tuition fees of up to £9,250 a year. Students receive loans to cover the fees at the time, which they have to start paying back when they earn £25,000 a year. Any money still outstanding after thirty years is written off. Do you think this is a fair or unfair way of funding university education?

Unweighted base	1795	592	456	159	734	680	784	1011	178	739	441	437	181	613	302	443	153	103	522	529	338	202	204
