Physical health	6%	23%	39%	23%	9%
Political representation	3%	17%	26%	29%	25%
Educational opportunities	14%	31%	32%	14%	9%
Recreational opportunities	17%	40%	28%	10%	5%
Social relationships	5%	29%	37%	20%	8%
Romantic life	8%	31%	41%	12%	9%

Interviewing Dates

December 6 - 13, 2023 | December 8 - 13, 2023

Target population

U.S. citizens, aged 18 and over.

Sampling method

Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.

Weighting

The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.065 to 6.512, with a mean of one and a standard deviation of 0.784.

Number of respondents

2000

Margin of error

± 2.8% (adjusted for weighting)

Survey mode

Web-based interviews

Questions not reported

41 questions not reported.

YouGov Survey: Personal, Local, and National Issues

December 6 - 13, 2023 - 2000 U.S. adult citizens

Interviewing Dates	December 6 - 13, 2023 December 8 - 13, 2023
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.065 to 6.512, with a mean of one and a standard deviation of 0.784.
Number of respondents	2000
Margin of error	± 2.8% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	41 questions not reported.
