2. How many, if any at all, of your successes in life have been a result of luck or chance?

All	2%
Most	17%
Few	53%
None	15%
Don't know or Not sure	13%

3. Do you think that other people criticize you more or less than you criticize yourself, or is it about the same?

Other people criticize me more than I criticize myself	10%
Other people criticize me about the same amount as I criticize myself	17%
I criticize myself more than other people criticize me	59%
Don't know	15%

4. Generally speaking, do you have high or low expectations of yourself?

Very high 26%
Somewhat high 48%
Somewhat low 16%
Very low 4%
Don't know or Not sure 6%

5. When you were growing up, how often did your parents praise you?

Very often 16%
Somewhat often 33%
Not very often 30%
Not at all often 13%
Not sure 9%

6. When talking to others, do you tend to exaggerate your achievements or downplay them?

I tend to exaggerate my achievements 8%
I tend to downplay my achievements 40%
Neither 48%
Don't know or Not sure 5%

7. Do you find it difficult or easy to accept compliments and praise from other people?

Very difficult 10%
Somewhat difficult 40%
Somewhat easy 33%
Very easy 12%
Don't know or Not sure 5%

8. Please try to place yourself on a scale of masculinity / femininity, where 0 is completely masculine and 6 is completely feminine.

0 - Completely masculine 17%
1 ....11%
2 ....10%
3 ....10%
4 ....12%
5 ....15%
6 - Completely feminine 18%
Neither masculine nor feminine 5%

9. Now think about how other people in your life view you in terms of your masculinity or femininity. Where on the scale would they generally place you?

```
0 - Completely masculine  ...............................................................16%
1  ..........................................................................................12%
2  ..........................................................................................10%
3  ..........................................................................................13%
4  ..........................................................................................11%
5  ..........................................................................................15%
6 - Completely feminine  ...................................................................19%
Neither masculine nor feminine  ........................................................ 5%
```

10. How important is it to you, personally, to be seen by others as manly or masculine?

```
Very important  ...........................................................................16%
Somewhat important  ....................................................................17%
Not too important  ......................................................................22%
Not at all important  ...................................................................44%
```

11. How important is it to you, personally, to be seen by others as womanly or feminine?

```
Very important  ...........................................................................18%
Somewhat important  ....................................................................19%
Not too important  ......................................................................19%
Not at all important  ...................................................................44%
```

12. Thinking about how society sees men these days, in general, would you say most people. . . ?

```
Look up to men who are manly or masculine  ...........................................42%
Look down on men who are manly or masculine  ....................................... 12%
Neither  ..................................................................................25%
Not sure  .................................................................................20%
```

13. Thinking about how society sees women these days, in general, would you say most people. . . ?

```
Look up to women who are womanly or feminine  .......................................42%
Look down on women who are womanly or feminine  ................................... 14%
Neither  ..................................................................................25%
Not sure  .................................................................................19%
```

YouGov Survey: Self-Rating of Abilities

YouGov

Interviewing Dates	May 14 - 16, 2025 | May 15 - 19, 2025
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 32% Republican). The weights range from 0.051 to 5.605, with a mean of one and a standard deviation of 0.89.
Number of respondents	2293
Margin of error	± 2.7% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	90 questions not reported.

YouGov Survey: Self-Rating of Abilities
May 14 - 19, 2025 - 2293 U.S. adult citizens

YouGov

Interviewing Dates	May 14 - 16, 2025 | May 15 - 19, 2025
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.
Weighting	The sample was weighted according to gender, age, race, education, 2024 presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 32% Republican). The weights range from 0.051 to 5.605, with a mean of one and a standard deviation of 0.89.
Number of respondents	2293
Margin of error	$\pm$ 2.7% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	90 questions not reported.
