If requiring formal care to support any age-related care needs you may have in the future, to what extent do you agree or disagree with the following statements? It is important to me that the care is LGBTQ+ affirmative (i.e. designed to validate and support the specific needs and experiences of LGBTQ+ people)

Conversion practices, sometimes called conversion therapy or reparative therapy, are efforts, interventions, or treatments, intended or designed to change, 'cure' or suppress a person's sexual orientation or gender identity based on the assumption that any sexual orientation or gender identity is inherently preferable to any other.

Have you ever been offed, or have you undergone conversion practices in an attempt to change, 'cure' or suppress your sexual orientation and/ or gender identity?
