Thinking about Members of Parliament who represent a political party, which of the following best reflects your view?

MPs should face a full reselection before every general election – local party members should have an opportunity to decide if they want to keep the sitting MP as their candidate or pick an alternative candidate	40	38	47	47	38	45	42	41	42	43	36	38	40	41	38	40	39	35	42	38	38	44
So long as an MP has done a reasonable job, they should be entitled to stand again for their political party at the following general election and defend their seat – only if an MP fails badly or is very unpopular with members should there be a full reselection	37	52	34	40	48	33	42	41	38	39	36	30	31	41	49	40	34	39	39	37	37	33

YouGov Weighting Data

YouGov weights GB political surveys by (1) age interlocked with gender and education, (2) political attention (3) social grade (4) 2017 recalled vote interlocked with region and (5) EU referendum recalled vote. Weighting targets are YouGov estimates, data sources used in the calculation of targets are cited below. General election voting intention figures are additionally weighted by likelihood to vote. The poll was carried out online.

All polls are subject to a wide range of potential sources of error. On the basis of the historical record of the polls at recent general elections, there is a 9 in 10 chance that the true value of a party's support lies within 4 points of the estimates provided by this poll, and a 2 in 3 chance that they lie within 2 points.
