Before the election, the Liberal Democrats predicted that a Conservative government would raise VAT and attacked this policy for hurting poorer families more than richer families. Some say the Liberal Democrats have abandoned their principles by supporting the rise in VAT, which of the following best reflects your view?

They have abandoned their principles by supporting the VAT rise

<b>43</b>	13	84	22	45	42	44	43	48	38	40	48	41	37	40	51	59
-----------	----	----	----	----	----	----	----	----	----	----	----	----	----	----	----	----

They haven't abandoned their principles - supporting the VAT was a necessary compromise to secure other measures that have helped poorer people

The last government planned to increase the state pension age to 67 by 2036 and to 68 by 2046. The new government has said that it will look again at these plans, and consider whether to bring the dates forward or extend them, possibly increasing the state pension age to 70 by the middle of the century. Would you support or oppose the state pension age increasing to 70 by 2050?
