JMC_Q1. The 2019 novel coronavirus (2019-nCoV), otherwise known as COVID-19, is an infectious disease first identified in the city of Wuhan, capital of Hubei province in China, after 41 people developed pneumonia without a clear cause. Infections have since been reported around the world. Symptoms include fever, coughing and breathing difficulties. Which, if any of the following, have you done since the government lockdown due to the Coronavirus (i.e. since 23rd March 2020)? (Please select all that apply)
