YouGov Survey: Civics Test
 June 14 - 17, 2022 - 1000 US Adult Citizens

22. Difficulty of Test

The questions you just answered were examples from the civics portion of the U.S. naturalization test, which tests the knowledge of people seeking to become U.S. citizens. However, the real test is conducted verbally and applicants are not provided with multiple-choice options (we at YouGov wrote the options you saw). They must answer six of 10 correctly to pass the test. Knowing this, do you think the questions asked are too easy, too difficult, or about right as a test of prospective citizens' knowledge of the U.S. government and history?

YouGov Survey: Civics Test

June 14 - 17, 2022 - 1000 US Adult Citizens

Interviewing Dates	June 14 - 17, 2022
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2018 American Community Study. Voter registration was imputed from the November 2018 Current Population Survey Registration and Voting Supplement.
Weighting	The sample was weighted based on gender, age, race, education, news interest, and 2020 Presidential vote (or non-vote). The weights range from 0.178 to 6.246, with a mean of one and a standard deviation of 0.566.
Number of respondents	1000
Margin of error	± 3.6% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	65 questions not reported.
