

YouGov Survey: Perceptions of Policy Support

Sample 1006 U.S. Adult Citizens
Conducted March 29 - April 4, 2024
Margin of Error ±4%

1. We're interested in how people characterize the results of public opinion surveys. If a survey showed that 1% of people supported a policy, would you consider that to meet the following descriptions?

	Yes	No	Not sure
A majority	8%	82%	10%
A vast majority	8%	81%	11%
A plurality	9%	67%	24%
A consensus	9%	74%	17%
Most people	8%	80%	12%
An overwhelming majority	8%	80%	12%

2. We're interested in how people characterize the results of public opinion surveys. If a survey showed that 51% of people supported a policy, would you consider that to meet the following descriptions?

	Yes	No	Not sure
A majority	65%	24%	11%
A vast majority	17%	70%	13%
A plurality	33%	35%	32%
A consensus	33%	46%	22%
Most people	43%	45%	13%
An overwhelming majority	12%	76%	13%

3. We're interested in how people characterize the results of public opinion surveys. If a survey showed that 99% of people supported a policy, would you consider that to meet the following descriptions?

	Yes	No	Not sure
A majority	80%	9%	11%
A vast majority	81%	9%	11%
A plurality	45%	22%	34%
A consensus	66%	17%	17%
Most people	80%	10%	10%
An overwhelming majority	81%	9%	10%

YouGov Survey: Perceptions of Policy Support

Interviewing Dates	March 29 - April 4, 2024
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.054 to 6.546, with a mean of one and a standard deviation of 0.835.
Number of respondents	1006
Margin of error	± 4% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	94 questions not reported.

YouGov Survey: Perceptions of Policy Support

March 29 - April 4, 2024 - 1006 U.S. adult citizens

Interviewing Dates	March 29 - April 4, 2024
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.054 to 6.546, with a mean of one and a standard deviation of 0.835.
Number of respondents	1006
Margin of error	± 4% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	94 questions not reported.
