Interviewing Dates

April 29 - May 1, 2024 | May 1 - 5, 2024

Target population

U.S. citizens, aged 18 and over.

Sampling method

Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.

Weighting

The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.091 to 6.508, with a mean of one and a standard deviation of 0.684.

Number of respondents

2217

Margin of error

± 2.5% (adjusted for weighting)

Survey mode

Web-based interviews

Questions not reported

83 questions not reported.

YouGov Survey: Social Movements

April 29 - May 5, 2024 - 2217 U.S. adult citizens

Interviewing Dates	April 29 - May 1, 2024 May 1 - 5, 2024
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 31% Republican). The weights range from 0.091 to 6.508, with a mean of one and a standard deviation of 0.684.
Number of respondents	2217
Margin of error	± 2.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	83 questions not reported.
