65. Opinion on Raising Debt Ceiling

As you may know, the limit on the country's overall liabilities, including the federal deficit and other government debts, is called the debt ceiling. In order for the U.S. Treasury to incur debt above the ceiling, Congress needs to vote to raise the ceiling, which it has done regularly in the past. Congress is currently considering whether to raise the debt ceiling, since the current limit will be reached this month. What is your opinion?
