**41. Legal Abortions**

When do you think abortion should be legal?

|                                                                                                           |         | Sex   |        | Race    |       |          | Age   |       |       |       | Education |              |
|-----------------------------------------------------------------------------------------------------------|---------|-------|--------|---------|-------|----------|-------|-------|-------|-------|-----------|--------------|
|                                                                                                           | Total   | Male  | Female | White   | Black | Hispanic | 18-29 | 30-44 | 45-64 | 65+   | No degree | College grad |
| Abortion should always be legal. There should be no restrictions on abortion.                             | 29%     | 25%   | 33%    | 27%     | 37%   | 30%      | 40%   | 29%   | 29%   | 21%   | 28%       | 31%          |
| Abortion should be legal, but with some restrictions (such as for minors or late-term abortions).         | 31%     | 33%   | 29%    | 31%     | 34%   | 27%      | 29%   | 27%   | 34%   | 33%   | 30%       | 33%          |
| Abortion should only be legal in special circumstances, such as when the life of the mother is in danger. | 31%     | 35%   | 27%    | 32%     | 22%   | 38%      | 24%   | 34%   | 28%   | 38%   | 32%       | 30%          |
| Abortion should be illegal. It should never be allowed.                                                   | 9%      | 7%    | 10%    | 10%     | 7%    | 5%       | 7%    | 10%   | 9%    | 8%    | 10%       | 6%           |

**55. Data Center Electricity**

Do you think that the construction of a new data center in your community would increase or decrease the amount you pay for electricity?

**56. Agree with Trump Statement on Data Centers**

Do you agree or disagree with the following statement? "If I were the mayor of a town or the governor of a state, and I had a chance to get a data center, I would absolutely want it because the jobs are enormous, and the money paid, the taxes paid are just enormous."

|                            | Sex        |            |            | Race       |            |            | Age        |            |            |            | Education  |              |

| <b>Sampling method</b>        | Respondents were selected from YouGov's opt-in panel to be representative of adult U.S. citizens.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Sample composition</b>     | 2,075 started the survey after screenouts. 224 were deleted due to breakoffs, 26 were removed for interview completion time under 5 minutes, 13 were removed for attention check failures, and 276 were removed for data quality control. The reporting is based on the remaining 1,536 respondents.                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Weighting</b>              | The sample was weighted according to gender, age, race, education, U.S. region of residence, 2024 election turnout and presidential vote, 2020 election turnout and presidential vote, baseline party identification, and current voter registration status. 2024 presidential vote, at time of weighting was estimated to be 48% Harris and 50% Trump. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given around November 8, 2024, and is weighted to the estimated distribution at that time (31% Democratic, 33% Republican). The weights range from 0.052 to 6.652, with a mean of one and a standard deviation of 0.953. |
