HuffPost: Coronavirus

October 30 - November 1, 2020 - 1000 US Registered Voters

| | |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interviewing Dates | October 30 - November 1, 2020 |
| Target population | U.S. Registered Voters, aged 18 and over. |
| Sampling method | Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2016 American Community Study. Voter registration was imputed from the November 2016 Current Population Survey Registration and Voting Supplement. |
| Weighting | The sample was weighted based on gender, age, race, education, news interest, and 2016 Presidential vote. The weights range from 0.204 to 6.639, with a mean of one and a standard deviation of 1.299. |
| Number of respondents | 1000 |
| Margin of error | ± 5.1% (adjusted for weighting) |
| Survey mode | Web-based interviews |
| Questions not reported | 58 questions not reported. |
