November 16 - 18, 2020 - 1000 US Registered Voters

Interviewing Dates	November 16 - 18, 2020
Target population	U.S. Registered Voters, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2016 American Community Study. Voter registration was imputed from the November 2016 Current Population Survey Registration and Voting Supplement.
Weighting	The sample was weighted based on gender, age, race, education, news interest, and 2016 Presidential vote. The weights range from 0.203 to 6.598, with a mean of one and a standard deviation of 1.269.
Number of respondents	1000
Margin of error	± 5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	59 questions not reported.
