1. Roper 1975: Thanksgiving Holiday Change

Many holidays have been changed so that they occur on Mondays and make a long, three-day weekend. Some have not changed, however. How about changing Thanksgiving from the fourth Thursday in November to the fourth Friday in November? Would you favor having it on Friday, or would you prefer keeping it on Thursday?

This question is based on a 1975 survey conducted by the Roper Organization

Daily Survey: Polls from the Past: Thanksgiving

November 14 - 18, 2022 - 1000 US Adult Citizens

Interviewing Dates	November 14 - 18, 2022
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.353 to 3.225, with a mean of one and a standard deviation of 0.395.
Number of respondents	1000
Margin of error	± 3.3% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	62 questions not reported.
