Back to the Future III	8%
None of them	14%
Not sure	5%

5. Comparing the real 2015 and the 2015 in Back to the Future II, would you rather live in the real 2015 or the fictional 2015?

Asked of those who have seen Back to the Future II

Real 2015	46%
Fictional 2015	28%
Not sure	25%

Interviewing Dates	October 20 - 21, 2015
Target population	U.S. adults, aged 18 and over.
Sampling method	Respondents were selected from YouGov’s opt-in Internet panel using sample matching. A random sample (stratified by age, gender, race, education, and region) was selected from the 2010 American Community Study. Voter registration was imputed from the November 2010 Current Population Survey Registration and Voting Supplement. Religion, minor party identification, and non-placement on an ideology scale, were imputed from the 2008 Pew Religion in American Life Survey.
Weighting	The sample was weighted using propensity scores based on age, gender, race, education, voter registration, and non-placement on an ideology scale. The weights range from 0.112 to 4.216, with a mean of one and a standard deviation of 0.968.
Number of respondents	1000
Margin of error	± 4.3% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	20 questions not reported.
