Yes .....	17%
No .....	63%
Don't know .....	19%

<b>Interviewing Dates</b>	November 1 - 3, 2021
<b>Target population</b>	U.S. Citizens, aged 18 and over.
<b>Sampling method</b>	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2018 American Community Study. Voter registration was imputed from the November 2018 Current Population Survey Registration and Voting Supplement.
<b>Weighting</b>	The sample was weighted based on gender, age, race, education, news interest, and 2020 Presidential vote (or non-vote). The weights range from 0.339 to 6.505, with a mean of one and a standard deviation of 0.609.
<b>Number of respondents</b>	1000
<b>Margin of error</b>	± 3.6% (adjusted for weighting)
<b>Survey mode</b>	Web-based interviews
<b>Questions not reported</b>	60 questions not reported.
