## Daily Survey: Senate Filibuster

| Sample | 1000 U.S. Adult Citizens |
| :--- | :--- |
| Conducted | June 27-30, 2022 |
| Margin of Error | $\pm 3.3 \%$ |

1. Do you support or oppose the U.S. Senate's current filibuster rule, which lets a minority of the 100 Senators prevent voting on a bill unless 60 Senators vote to end the filibuster?

Somewhat oppose ............................................................................................ 13\%
Strongly oppose ................................................................................................. . . 23\%
Not sure ....................................................................................................29\%
2. The filibuster has been reformed many times in U.S. history. Would you favor or oppose further reforming the legislative filibuster in any of the following ways?

| Make it harder to threaten to filibuster, so Senators cannot | Favor | Oppose | Not sure |
| :--- | :--- | :--- | :--- |
| block legislation with a threat alone | $52 \%$ | $19 \%$ | $29 \%$ |
| Require Senators who want to block legislation to actually hold <br> the floor of the Senate by speaking in person |  |  |  |

3. What majority do you believe should be necessary for the U.S. Senate to pass each of the following?
$\left.\begin{array}{lccc} & \begin{array}{c}\text { A 60-vote } \\ \text { majority }\end{array} & \begin{array}{c}\text { A 51-vote } \\ \text { majority }\end{array} & \\ \text { should be } \\ \text { should be } \\ \text { required }\end{array}\right]:$ Not sure

## Daily Survey: Senate Filibuster

| Interviewing Dates | June 27-30, 2022 |
| :---: | :---: |
| Target population | U.S. Citizens, aged 18 and over. |
| Sampling method | Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2018 American Community Study. Voter registration was imputed from the November 2018 Current Population Survey Registration and Voting Supplement. |
| Weighting | The sample was weighted based on gender, age, race, education, news interest, and 2020 Presidential vote (or non-vote). The weights range from 0.28 to 4.434 , with a mean of one and a standard deviation of 0.397 . |
| Number of respondents | 1000 |
| Margin of error | $\pm 3.3 \%$ (adjusted for weighting) |
| Survey mode | Web-based interviews |
| Questions not reported | 564 questions not reported. |
