The Conservative-Liberal Democrat government are committed to holding a referendum on changing the electoral system from first-past-the-post (FPTP) to the Alternative Vote (AV). At the moment, under first-past-the-post (FPTP), voters select ONE candidate, and the candidate with the most votes wins. It has been suggested that this system should be replaced by the Alternative Vote (AV). Voters would RANK a number of candidates from a list. If a candidate wins more than half of the '1st' votes, a winner is declared. If not, the least popular candidates are eliminated from the contest, and their supporters' subsequent preferences counted and shared accordingly between the remaining candidates. This process continues until an outright winner is declared. If a referendum were held tomorrow on whether to stick with first-past-the-post or switch to the Alternative Vote for electing MPs, how would you vote?

I would vote in favour of switching to the Alternative Vote	30	<b>32</b>	21	35	71	19	28	60	36	28	29	38	33	26	36	27	33	32	29	33	35
